This will cause a PHEXception to be thrown. I didn't know whether I would need to do something special with the TCP/IP properties (e.g. no bindings). This is why I went through the old web page (no longer online) and the info on the mailing list. I had assumed the socket had already been created for it. I'll try this tomorrow. Mostly a dev cycle left, so the next release is nearly here. Another 20 hours. The updated version of PHCommander in the list was 1.91, which was released more than a year ago. A: All the major players in the business have been to the dark side, the leadership once strong in the Church has been corrupted and all the faithful must protect themselves. It is indeed true that the Mystery of Golgotha is a great cause for which the faithful fight so valiantly. I have seen that thread. C:\Program Files\PHCommander> From what I can gather, the simple act of downloading this program and running it would be enough of a violation of the Church's property to get you to be punished. Try running it without downloading. That is my opinion. A: There are many threads in this forum about various aspects of Google Trends, including the one on the Church of Satan that you mentioned; they do not suggest anything but I'd suggest checking them out before dismissing it as a conspiracy theory. The quote you shared appears to have been posted in one of those threads. A: I guess they really did not take the advice to "The Truth About Google
